Caring for Your Classroom Grant

OVERVIEW AND PURPOSE
The Caring for Your Classroom Grant was created in 2019 as a result of the Foundation’s desire to support Marysville educators with more opportunities to expand their impact in the lives of students.

Research shows that nearly all teachers spend their own money on school supplies and other resources to provide an enriching experience for their students and to create an equitable and inclusive classroom.

With this grant, the Foundation seeks to support innovative and creative educators as they work to fill the gaps in resources, by providing engaging lessons and memorable experiences in the classroom.
